

QUOTES FROM 2011 BOAT SHOWS:

“We are thrilled with our show results this year. All 7 of our North American dealers attended and are selling boats in follow up. As a brand that appeals to experienced sailors, we were pleased to meet qualified buyers who understand that Annapolis is the best show in North America to evaluate the choices and talk with experts. We are looking forward to a year of significant sales growth and I know much of it will be attributable to our participation at the US Sailboat show. “
